WHY MOTORSPORT SIMS?

Team building activities can play a crucial role in improving the morale and effectiveness of a small team. It provides a unique opportunity for team members to bond, communicate and collaborates in a fun and engaging environment. A successful team-building event can foster a strong sense of unity and team spirit, leading to increased productivity, better communication and overall improved performance.

At Forrest Motorsport, we understand the importance of team building and have created a customized program to cater to the unique needs of small teams. Our venue is in a tranquil and serene environment, perfect for team-building activities and bonding. Our experienced team will work with you to create a program that fits your team's needs and goals, ensuring a fun and rewarding experience for everyone. Join us and see why Forrest Motorsport is the best environment for team building.

About us

At Forrest Motorsport, we specialize in providing unique team building experiences that combine the excitement of motorsport with the benefits of teamwork and communication. Our programs are designed to help your team work together more effectively, communicate more clearly, and build trust and rapport with one another. Whether you're looking to build problem-solving skills, improve communication, or simply have some fun with your colleagues, our team building programs are the perfect solution.

Our Company Profile

Forrest Motorsport is a motorsport simulator company that offers a range of services, including the sale of turnkey motorsport simulators, advice and consultation on builds, and installation services. We work with all the leading brands and software to provide our clients with the latest and most advanced technology in the industry. Our team building program is designed for groups of up to seven people, ensuring that each participant receives personalized attention and instruction. We are based in Newbury, Berkshire, in the south of the United Kingdom.

What is a Motorsport Simulator?

Motorsport simulators are the ultimate racing experience, allowing you to feel the thrill of high-speed racing without leaving the safety of our facility. Our simulators feature the latest software and hardware, including static rigs and monitors from all the leading brands. We can help you build the perfect simulator for your needs, whether you're looking for a small home build or a full room installation with projectors.

Team Building Activities

We offer a range of team-building activities that are designed to build teamwork, communication, and leadership skills. Here are a few examples of the activities we offer:

Simulator Challenges

Simulator challenges are a great way to build problem-solving skills and encourage teamwork. We'll set up a range of challenges, such as obstacle courses or time trials, and your team members will need to work together to solve them. These challenges are designed to be both fun and challenging, and we'll provide feedback and coaching to help your team improve their performance.

Team Competitions

Our team competitions are designed to build teamwork and encourage communication. We'll set up a series of challenges that require your team members to work together to achieve a common goal. These challenges can be tailored to your specific needs and goals, and we'll provide feedback and coaching to help your team improve their performance.

Simulator Races

Our simulator races are the perfect way to bring your team together for some friendly competition. We'll set up a series of races, and your team members will compete against each other in a thrilling and exciting environment. The races are designed to encourage teamwork and communication, and we'll provide feedback and coaching to help your team improve their skill

Coaching and Support

We provide coaching throughout the whole experience, working with each participant to help them develop the skills they need to succeed. While some people will find it easy straight away, some people will find it quite difficult at first, but we'll work with them to become faster and competitive, turning everyone into a highly skilled virtual racer. We believe that the experience should be fun and rewarding, and we'll do everything we can to make sure that your team building event is a success.

At Forrest Motorsport, we aim to provide a unique and challenging team-building experience for you and your team. To achieve this, we offer a range of exciting potential scenarios, each designed to test your skills and build competitiveness.

Our scenarios have been carefully crafted to feature a high level of perplexity and burstiness, making for a thrilling and challenging experience. Here are just a few examples of the scenarios we can offer:

- Scale Time and Weather Conditions - We can scale time and adjust weather conditions to create a more challenging and realistic racing experience. Whether you're racing in bright sunshine or rain and snow, we'll help you get the most out of your day.
- AI Racers - To add extra competition, we can introduce multiple AI racers to the field. Your team members will compete against each other and the AI racers, building their skills and competitiveness.
- Porsche 911 RSR GTE Car around the Nordschleife - One of the most challenging circuits in the world, the Nordschleife is a thrilling and exciting place to race. We'll provide you with our Porsche 911 RSR GTE Car to test your skills and see who can set the fastest lap time.
- Cadillac DPI Racing the Daytona Circuit with Accelerated Time - Experience the thrill of racing at dawn on the Daytona Circuit with our Cadillac DPI Racing car. Your team members will compete against each other to set the fastest lap time, building their driving skills and competitiveness
- Racing Corvettes Around Watkins Glen in the Briskly Cold Autumn - The autumn weather and challenging track conditions of Watkins Glen make for an exciting and memorable racing experience. Your team members will compete against each other to set the fastest lap time, building their driving skills and competitiveness.
- F1 Cars Around the Red Bull Ring in Austria - The Red Bull Ring is a fast and challenging track, and we can simulate the experience with our F1 cars. Your team members will compete against each other to set the fastest lap time, building their driving skills and competitiveness.
- Mini Coopers Racing at Brands Hatch Race Track in Kent - Brands Hatch is a technical and challenging circuit, and we can simulate the experience with our Mini Coopers. Your team members will compete against each other to set the fastest lap time, building their driving skills and competitiveness.

It's important to note that these are just a few examples of the scenarios we offer. With our wide range of options, we can create a custom scenario that meets your specific needs and goals. Contact us today to learn more about our team building program and how we can help your team improve their driving skills and build their competitiveness.
